

How does the stream work?

The event starts at a fixed time – just like in a theatre, concert hall or cinema.

You can watch the stream from anywhere in the world!

How do I buy a ticket?

The price for each individual event is listed next to the event. You can purchase your tickets online by clicking on the button “**Kúpiť**” (Purchase) on the following website: navstevnik.online.sk. The website is the official ticketing platform of the Slovak Ministry of Culture.

Each ticket can only be used to watch the stream **on one device at a time**.

- Find the event that you would like to watch
- Click on the button with the shopping cart icon next to the given date and time
- Chose the number of tickets that you want to purchase. You may purchase multiple tickets or choose a “**donation ticket**” which has a higher price and supports cultural institutions
- Insert your name and email address to which the tickets will be delivered
- To complete the purchase, click the button “**Zaplatiť online**” (Pay online)
- After the successful payment you will get a receipt and the tickets will be sent to the given email address.

Do I have to download an application to watch the events?

To watch the events you don't need any extra applications, all you need is one of the standard supported internet browsers (Firefox, Google chrome, Microsoft Edge, Safari, Opera,...)

Watching on your smart TV

If you want to watch the events comfortably and without any worries on your smart TV, we recommend connecting your computer to the TV with a HDMI cable and playing the video on your computer.
